GENERAL RULES.

General rules.

CUSTOMS TREATMENT OF TEXTILES.

Textiles.

RULE 1. NUMBER OF THREADS AND ITS ASCERTAINMENT.—By the number of threads in a textile shall, unless otherwise stipulated, be meant the totality of all the threads comprised in the warp and weft in a square of six millimeters. The warp of textiles is to be considered as the totality of the threads which lie longitudinally, whether they form the foundation of the same or whether they have been added in order to form patterns or give the stuff more body. The weft shall be considered the totality of the threads which cross the warp of the textile and combine the same conditions of helping to form patterns or to add to the body of the stuff, even though such threads be cut or show a want of continuity. In order to determine for customs treatment of textiles the number of threads and the proportion in which the threads * * * subject to the highest duty are found in the textile, the instrument known as the "thread counter" shall be employed.

Thread count.

Should there be a doubt as to the ascertainment of the number of threads in a textile, owing to the textile being more closely woven in some parts than in others, the most closely woven part and the most loosely woven part shall be taken, and the average number of threads resulting from the two shall serve as a basis for levying duty.

When the nature of the tissue permits it, the thread shall always be counted on the obverse side of the stuff.

In all woolly or melton-like textiles, and generally in all textiles in which the threads have become indistinct by carding or fulling, the threads shall be counted on the reverse side of the stuff by rasping or burning the hair when necessary.

In exceptional cases, where after these operations the ascertainment of the number of threads remains doubtful, a sufficient part of the textiles shall be unraveled.

Should this likewise be impossible, as, for instance, in case of ready-made articles, the textile shall be subject to the highest duty of the group to which it belongs, and should the textile be mixed, it shall be dutiable according to the class in which the most highly taxed material entering into the mixture is comprised.

Ready-made articles.

CUSTOM TREATMENT OF MIXED TEXTILES.

Mixed textiles.

RULE 2. ADMIXTURES OF TWO MATERIALS.—Textiles of all kinds, composed of two materials, shall be dutiable as follows:

Two materials.

(a) Cotton textiles containing threads of hemp, jute, linen, ramie, or other vegetable fiber shall be dutiable according to the corresponding numbers of group three, class four, with the surtaxes established in each case [Class IV, group three, Rule A]: *Provided*, That the number of these threads of hemp, jute, linen, ramie, or other vegetable fibers, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the textile.

When the number of threads of hemp, jute, linen, ramie, or other vegetable fiber exceeds one-fifth of the total, the textiles shall be subject to the corresponding duties of class five.

(b) Cotton textiles containing threads of wool, flock wool, hair, or wastes of these materials shall be dutiable according to the corresponding numbers of group three, Class IV, with the surtaxes established in each case [Class IV, group three, Rule A]: *Provided*, That the

number of threads of wool, flock wool, hair, or their wastes, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the textile.

When the number of threads of wool, flock wool, hair, or their wastes exceeds one-fifth of the total, the textiles shall be subject to the corresponding duties of Class VI, as textiles mixed with wool.

(c) Cotton textiles containing threads of silk or floss silk shall be dutiable according to the corresponding numbers of group three, Class IV, with the surtaxes established in each case [Class IV, group three, Rule A]: *Provided*, That the number of silk or floss-silk threads, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the textile.

When the number of threads of silk or floss silk exceeds one-fifth of the total, the textiles shall be subject to the corresponding duties of Class VII [Class IV, group three, Rule A].

(d) Textiles of hemp, jute, linen, ramie, or other vegetable fibers, containing threads of wool, flock wool, hair, or their wastes shall be dutiable according to the corresponding numbers of group two, Class V, with the surtaxes established in each case [Class V, group two, Rule A]: *Provided*, That the number of these threads of wool, flock wool, hair, or their wastes counted in the warp and weft does not exceed one-fifth of the total number of threads composing the textile.

When the number of threads of wool, flock wool, hair, or their wastes exceeds one-fifth of the total, the textiles shall be subject to the corresponding duties of group three, Class VI, as textiles mixed with wool. [Class V, group two, Rule A.]

(e) Textiles of hemp, jute, linen, ramie, or other vegetable fibers containing threads of silk or floss silk shall be dutiable according to the corresponding numbers of group two, Class V, with the surtaxes established in each case [Class V, group two, Rule A]: *Provided*, That the number of these threads of silk or floss silk counted in the warp and weft does not exceed one-fifth of the total number of threads composing the textile.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the textiles shall be subject to the corresponding duties of Class VII. [Class V, group two, Rule A.]

(f) Textiles of wool, flock wool, or hair, containing threads of silk, or floss silk, shall be dutiable according to the corresponding numbers of group three, Class VI, with the surtaxes established in each case [Class VI, group three, Rule A]: *Provided*, That the number of silk or floss-silk threads does not exceed one-fifth of the total number of threads composing the textile.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the textiles shall be subject to the corresponding duties of Class VII. [Class VI, group three, Rule A.]

More than two materials.

RULE 3. ADMIXTURES OF MORE THAN TWO MATERIALS.—Textiles composed of more than two materials shall be dutiable as follows:

(a) Textiles containing an admixture of wool and cotton, or of wool and other vegetable fibers and, at the same time, threads of silk or of floss silk, shall be subject to the corresponding duties of Class VI, as mixed woolen textiles, whatever be the proportion of the threads of vegetable fibers, and shall, in addition, be liable to the surtax leviable on the silk or floss-silk threads: *Provided*, That the number of these threads counted in the warp and weft does not exceed one-fifth of the total number of threads composing the textile.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the textiles shall be subject to the corresponding duties of Class VII.

(b) Textiles containing an admixture of cotton and other vegetable fibers, and at the same time threads of silk or floss silk, shall be sub-

ject to the corresponding duties of Class V and assimilated to textiles of jute, hemp, and so forth, whatever be the proportion of the cotton threads; they shall, in addition, be liable to the surtax leviable on the silk or floss-silk threads: *Provided*, That the number of these threads, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the textile.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the textiles shall be subject to the corresponding duties of Class VII.

(c) Textiles of an admixture of wool, cotton, and other vegetable fibers, containing no silk threads, shall be subject to the corresponding duties of Class V, and shall, in addition, be liable to the surtax leviable on woolen threads: *Provided*, That the number of these threads, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the textile.

When the number of woolen threads exceeds one-fifth of the total, the textiles shall be subject to the corresponding duties of Class VI, as woolen textiles.

Silks.

RULE 4. SILK TEXTILES.—All textiles containing silk or floss-silk threads the number of which, counted in the warp and weft, exceeds one-fifth of the total number of threads composing the textile, shall be considered as textiles of silk.

EXCEPTIONS.—For knitted stuffs, tulles, laces, blondes ribbons, and all pile fabrics provided for under paragraphs one hundred and twenty-four and one hundred and fifty-one, composed of an admixture, exception to the preceding rules shall be made in the following cases:

Knit, etc., goods.

RULE 5. KNITTED AND NETTED STUFFS.—All kinds of knitted stuffs and tulles, laces, and blondes, when mixed, shall be dutiable according to the corresponding numbers of the class comprising threads of the material most highly taxed, whatever be the proportion of such threads in the textile.

Plushes, velvets, velveteens, and all pile fabrics provided for under paragraphs one hundred and twenty-four and one hundred and fifty-one, when mixed, shall be dutiable according to the corresponding numbers of the class comprising the threads of the material most highly taxed, whatever be the proportion of such threads in the textile.

Knitted stuffs, laces, blondes, tulles, and the pile fabrics mentioned in the preceding paragraph, comprised in Class VII, shall be considered as textiles mixed with silk when they contain threads of cotton or other vegetable fibers, or of wool or of flock wool, whatever be the proportion of such threads in the mixture.

Ribbons.

RULE 6. RIBBONS.—Ribbons and galloons mixed with cotton and other vegetable fibers or with vegetable fibers and wool, containing no silk, shall be subject to the corresponding duties of the class comprising the threads most highly taxed.

Ribbons or galloons containing silk, in whatever proportion, shall be dutiable as textiles according to the corresponding numbers of Class VII.

Trimmings.

RULE 7. TRIMMINGS.—Trimmings shall be dutiable on the total weight, as if exclusively composed of the apparent or visible textile material.

Trimmings composed on their apparent or visible part of various textile materials shall be subject to the corresponding duties of the class comprising the material most highly taxed. When the predominating component material consists of metallic threads of any kind, the trimmings shall be dutiable according to Class VII.

Trimmings are distinguished from ribbons and galloons by the latter being real textiles, with warp and weft, while trimmings are plaited.

SURTAXES.

Surtaxes.

RULE 8. ESTABLISHMENT OF SURTAXES.—The surtaxes applicable, owing to broché, embroidery, metal threads, or making up, shall always be computed on the duties leviable on the textile by taking into account, if necessary, the increase of such duties in case of admixture.

For the collection of the total duty, the surtaxes applicable for either of the above-mentioned reasons shall, when necessary, be added together.

Brochés.

RULE 9. BROCHÉS.—Textiles, brochés or woven like brocades, with silk or floss silk, shall be liable to the duties leviable thereon plus the surtaxes established in every case. [Class IV, group three, Rule B, letter (a), and Class V, group two, Rule B, letter (a).]

Brochés or brocaded textiles are all textiles with flowers or other ornaments applied by means of a shuttle in such manner that the threads do not occupy the entire width of the stuff, but only the space comprising the flower or pattern.

Embroidery.

RULE 10. EMBROIDERY.—Textiles embroidered by hand or machine after weaving or with application of trimmings shall be liable to the duties leviable thereon plus the surtaxes established in every case. [Class IV, group three, Rule B, letter (b); Class V, group two, Rule B, letter (b).]

Embroidery is distinguished from patterns woven in the textile as the latter are destroyed by unraveling the weft of the textile, while embroidery is independent of the warp and weft and can not be unraveled.

Metallic threads.

RULE 11. METALLIC THREADS.—Textiles and trimmings containing metallic threads, in whatever proportion, shall be liable to the duties leviable thereon, plus the surtaxes established in every case. [Class IV, group three, Rule B, letter (c); Class V, group two, Rule B, letter (c).]

Textiles exclusively composed of metallic threads shall be dutiable according to Class VII.

Made-up articles.

RULE 12. MADE-UP ARTICLES.—Textiles manufactured into articles of all kinds shall be liable to the duties leviable thereon, plus the surtaxes established in every case. [Class IV, group three, Rule B, letter (d); Class V, group two, Rule B, letter (d).]

Ready-made clothing, wearing apparel of all kinds and of any style, and, generally, all articles made up by the seamstress or tailor, shall, for their total weight, be liable to duties leviable on the principal component textile on their most visible exterior part.

For the application of the corresponding surtaxes, clothing and articles, half finished, cut or basted, shall be considered as made-up articles and clothing.

RULES APPLICABLE TO GOODS NOT SPECIALLY MENTIONED AND TO ARTICLES COMPOSED OF SEVERAL MATERIALS.

Classification of articles not specifically mentioned.

RULE 13. Articles not enumerated in the tariff shall, for the application of duty, be assimilated to those which they most closely resemble (see rule fifteen), and shall in the first instance be so classified by the collector of the port of entry into which the articles are brought.

When an article presented for appraisal is not mentioned in a number of the tariff or in the repertory, and when doubts arise as to its assimilation to articles specified in the tariff, the interested party or the importer may request the collector at the port of entry to indicate the number according to which such article is dutiable.

In such case the appraisal shall be made according to the number so indicated.

Articles of two or more materials.

RULE 14. Articles which, by reason of their nature or their application, are composed of two or more materials or of different parts, as.

for instance, the handle of an implement and the implement itself; the glass and frame of a mirror, shall, for the total weight, be taxed according to the material chiefly determining the value of the article.

Similar articles.

RULE 15. That each and every imported article, not enumerated in this Act, which is similar, either in material, quality, texture, or the use to which it may be applied, to any article enumerated in this Act as chargeable with duty, shall pay the same rate of duty which is levied on the enumerated article which it most resembles in any of the particulars before mentioned; and if any nonenumerated article equally resembles two or more enumerated articles on which different rates of duty are chargeable, there shall be levied on such nonenumerated article the same rate of duty as is chargeable on the article which it resembles paying the highest rate of duty; and on articles not enumerated, manufactured of two or more materials, the duty shall be assessed at the highest rate at which the same would be chargeable if composed wholly of the component material thereof of chief value; and the words "component material of chief value," wherever used in this Act, shall be held to mean that component material which shall exceed in value any other single component material of the article; and the value of each component material shall be determined by the ascertained value of such material in its condition as found in the article. If two or more rates of duty shall be applicable to any imported article, it shall pay duty at the highest of such rates.

REGULATIONS TO BE APPLIED TO LEVYING DUTY ON PACKING, PACKAGES, AND RECEPTACLES.

Packing, packages, and receptacles.

RULE 16. Common packing, packages, receptacles, and coverings of imported merchandise in use and imported with such merchandise, shall be dutiable under their corresponding paragraphs of the tariff except in cases of goods dutiable by gross weight or ad valorem.

RULE 17. In all cases in which dutiable merchandise shall by its tariff number be dutiable upon the gross weight, the dutiable weight of such merchandise shall include the weight of all covers, receptacles, wrappers, packages, and packing of every description, whether exterior, interior, or immediate, without any allowance for tare.

RULE 18. In all cases in which dutiable merchandise shall by its tariff number be dutiable upon net weight, the dutiable weight of such merchandise shall not include the weight of any common exterior cover, receptacle, package, wrappers, or packing, but shall include all interior or immediate receptacles.

RULE 19. When in a single receptacle are imported goods dutiable by net weight, together with others dutiable by gross weight, the former shall be assessed by their net weight, in accordance with the preceding rule numbered eighteen, and the latter shall be assessed together with the weight of the entire exterior receptacle; or, in case there should be more than one class of goods dutiable by gross weight, they shall be assessed together with the weight of the entire exterior receptacle proportionately divided between them in accordance with their respective net weights.

In the case of goods dutiable by net weight packed together with goods dutiable by unities, the former shall be assessed as above prescribed, and the latter shall pay by unities; the exterior receptacle will then be dutiable by its corresponding paragraph. For the purposes of this rule, goods dutiable ad valorem and goods free of duty shall be considered and appraised as by net weight.

Net weight.

RULE 20. Where merchandise, dutiable upon its net weight, where not otherwise specially provided for, is customarily contained in packing, packages, or receptacles of uniform or similar character, it shall be the duty of the collector of the islands from time to time to ascertain by tests the actual weight or quantity of such merchandise and

the actual weight of the packages, packing, or receptacles thereof, respectively, in which such merchandise is customarily imported, and, upon such ascertainment, to prescribe regulations for estimating the dutiable weight or quantity of such merchandise, and thereafter such merchandise imported in such customary packing, packages, and receptacles shall be entered and the duties thereon levied and collected upon the basis of such estimated dutiable weight or quantity.

PROHIBITED IMPORTATIONS.

[No. 3.]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA. June 9, 1903.

A PROCLAMATION.

Whereas, The Lewis and Clarke Forest Reserve and The Flathead Forest Reserve, in the State of Montana, were established by proclamations dated February twenty-second, eighteen hundred and ninety-seven, under and by virtue of section twenty-four of the Act of Congress, approved March third, eighteen hundred and ninety-one, entitled, "An act to repeal timber-culture laws, and for other purposes", which provides, "That the President of the United States may, from time to time, set apart and reserve, in any State or Territory having public land bearing forests, in any part of the public lands wholly or in part covered with timber or undergrowth, whether of commercial value or not, as public reservations, and the President shall, by public proclamation, declare the establishment of such reservations and the limits thereof";

Now, therefore, I, THEODORE ROOSEVELT, President of the United States, by virtue of the power vested in me by the aforesaid acts of Congress, do hereby make known and proclaim that the proclamations heretofore issued respecting said forest reserves are hereby superseded, and The Lewis and Clarke Forest Reserve is hereby established in place thereof, with boundaries as follows, to wit:

[No. 10.]

October 31, 1903.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

The season is at hand when according to the custom of our people it falls upon the President to appoint a day of praise and thanksgiving to God.

During the last year the Lord has dealt bountifully with us, giving us peace at home and abroad and the chance for our citizens to work for their welfare unhindered by war, famine or plague. It behooves us not only to rejoice greatly because of what has been given us, but to accept it with a solemn sense of responsibility, realizing that under Heaven it rests with us ourselves to show that we are worthy to use aright what has thus been entrusted to our care. In no other place and at no other time has the experiment of government of the people, by the people, for the people, been tried on so vast a scale as here in our own country in the opening years of the 20th Century. Failure would not only be a dreadful thing for us, but a dreadful thing for all mankind, because it would mean loss of hope for all who believe in the power and the righteousness of liberty. Therefore, in thanking God for the mercies extended to us in the past, we beseech Him that He may not withhold them in the future, and that our hearts may be roused to war steadfastly for good and against all the forces of evil, public and private. We pray for strength, and light, so that in the coming years we may with cleanliness, fearlessness, and wisdom, do our allotted work on the earth in such manner as to show that we are not altogether unworthy of the blessings we have received.

Thursday, November 26, 1903, set apart as a day of national thanksgiving.

Now, therefore, I, THEODORE ROOSEVELT, President of the United States, do hereby designate as a day of general thanksgiving Thursday, the twenty-sixth of the coming November, and do recommend that throughout the land the people cease from their wonted occupations, and in their several homes and places of worship render thanks unto Almighty God for His manifold mercies.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 31st day of October in the year of our Lord one thousand nine hundred and three and of the independence of the United States the one hundred and twenty-eighth.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

Preamble.

WHEREAS a state of war unhappily exists between Japan, on the one side, and Russia, on the other side;

AND WHEREAS the United States are on terms of friendship and amity with both the contending powers, and with the persons inhabiting their several dominions;

AND WHEREAS there are citizens of the United States residing within the territories or dominions of each of the said belligerents and carrying on commerce, trade, or other business or pursuits therein, protected by the faith of treaties;

AND WHEREAS there are subjects of each of the said belligerents residing within the territory or jurisdiction of the United States, and carrying on commerce, trade, or other business or pursuits therein;

AND WHEREAS the laws of the United States, without interfering with the free expression of opinion and sympathy, or with the open manufacture or sale of arms or munitions of war, nevertheless impose upon all persons who may be within their territory and jurisdiction the duty of an impartial neutrality during the existence of the contest;

AND WHEREAS it is the duty of a neutral government not to permit or suffer the making of its waters subservient to the purposes of war;

War between Russia and Japan. Declaration of neutrality.

NOW, THEREFORE, I, THEODORE ROOSEVELT, President of the United States of America, in order to preserve the neutrality of the United States and of their citizens and of persons within their territory and jurisdiction, and to enforce their laws, and in order that all persons, being warned of the general tenor of the laws and treaties of the United States in this behalf, and of the law of nations, may thus be prevented from an unintentional violation of the same, do hereby declare and proclaim that by the act passed on the 20th day of April, A. D. 1818, commonly known as the "neutrality law", the following acts are forbidden to be done, under severe penalties, within the territory and jurisdiction of the United States, to-wit:—

Vol. 3, p. 447.

R. S., Title LXVII, p. 1024.

Acts prohibited.

1. Accepting and exercising a commisssion to serve either of the said belligerents by land or by sea against the other belligerent.

2. Enlisting or entering into the service of either of the said belligerents as a soldier, or as a marine, or seaman on board of any vessel of war, letter of marque, or privateer.

3. Hiring or retaining another person to enlist or enter himself in the service of either of the said belligerents as a soldier, or as a marine, or seaman on board of any vessel of war, letter of marque, or privateer.

4. Hiring another person to go beyond the limits or jurisdiction of the United States with intent to be enlisted as aforesaid.

5. Hiring another person to go beyond the limits of the United States with intent to be entered into service as aforesaid.

6. Retaining another person to go beyond the limits of the United States with intent to be enlisted as aforesaid.

7. Retaining another person to go beyond the limits of the United States with intent to be entered into service as aforesaid. (But the said act is not to be construed to extend to a citizen or subject of either belligerent who, being transiently within the United States, shall, on board of any vessel of war, which, at the time of its arrival within the United States, was fitted and equipped as such vessel of war, enlist or enter himself or hire or retain another subject or citizen of the same belligerent, who is transiently within the United States, to enlist or enter himself to serve such belligerent on board such vessel of war, if the United States shall then be at peace with such belligerent.)

8. Fitting out and arming, or attempting to fit out and arm, or procuring to be fitted out and armed, or knowingly being concerned in the furnishing, fitting out, or arming of any ship or vessel with intent that such ship or vessel shall be employed in the service of either of the said belligerents.

9. Issuing or delivering a commission within the territory or jurisdiction of the United States for any ship or vessel to the intent that she may be employed as aforesaid.

10. Increasing or augmenting, or procuring to be increased or augmented, or knowingly being concerned in increasing or augmenting, the force of any ship of war, cruiser, or other armed vessel, which at the time of her arrival within the United States was a ship of war, cruiser, or armed vessel in the service of either of the said belligerents, or belonging to the subjects of either, by adding to the number of guns of such vessels, or by changing those on board of her for guns of a larger calibre, or by the addition thereto of any equipment solely applicable to war.

11. Beginning or setting on foot or providing or preparing the means for any military expedition or enterprise to be carried on from the territory or jurisdiction of the United States against the territories or dominions of either of the said belligerents.

Vessels of belligerents.

And I do hereby further declare and proclaim that any frequenting and use of the waters within the territorial jurisdiction of the United States by the armed vessels of either belligerent, whether public ships or privateers, for the purpose of preparing for hostile operations, or as posts of observations upon the ships of war or privateers or merchant vessels of the other belligerent lying within or being about to enter the jurisdiction of the United States, must be regarded as unfriendly and offensive, and in violation of that neutrality which it is the determination of this government to observe; and to the end that the hazard and inconvenience of such apprehended practices may be avoided, I further proclaim and declare that from and after the fifteenth day of February instant, and during the continuance of the present hostilities between Japan and Russia, no ship of war or privateer of either belligerent shall be permitted to make use of any port, harbor, roadstead, or waters subject to the jurisdiction of the United States from which a vessel of the other belligerent (whether the same shall be a ship of war, a privateer, or a merchant ship) shall have previously departed, until after the expiration of at least twenty-four hours from the departure of such last-mentioned vessel beyond the jurisdiction of the United States. If any ship of war or privateer of either belligerent shall, after the time this notification takes effect, enter any port, harbor, roadstead, or waters of the United States, such vessel shall be required to depart and to put to sea within twenty-four hours after her entrance into such port, harbor, roadstead, or waters, except in case of stress of weather or of her requiring provisions or things necessary for the subsistence of her crew, or for repairs; in either of which cases the authorities of the port or of the nearest port (as the case may be) shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours, without permitting her to take in supplies beyond what may be necessary for her immediate use; and no such vessel which may have been permitted to remain within the waters of the United States for the purpose of repair shall continue within such port, harbor, roadstead, or waters for a longer period than twenty-four hours after her necessary repairs shall have been completed, unless within such twenty-four hours a vessel, whether ship of war, privateer, or merchant ship of the other belligerent, shall have departed therefrom, in which case the time limited for the departure of such ship of war or privateer shall

be extended so far as may be necessary to secure an interval of not less than twenty-four hours between such departure and that of any ship of war, privateer, or merchant ship of the other belligerent which may have previously quit the same port, harbor, roadstead, or waters. No ship of war or privateer of either belligerent shall be detained in any port, harbor, roadstead, or waters of the United States more than twenty-four hours, by reason of the successive departures from such port, harbor, roadstead, or waters of more than one vessel of the other belligerent. But if there be several vessels of each or either of the two belligerents in the same port, harbor, roadstead, or waters, the order of their departure therefrom shall be so arranged as to afford the opportunity of leaving alternately to the vessels of the respective belligerents, and to cause the least detention consistent with the objects of this proclamation. No ship of war or privateer of either belligerent shall be permitted, while in any port, harbor, roadstead, or waters within the jurisdiction of the United States, to take in any supplies except provisions and such other things as may be requisite for the subsistence of her crew, and except so much coal only as may be sufficient to carry such vessel, if without any sail power, to the nearest port of her own country; or in case the vessel is rigged to go under sail, and may also be propelled by steam power, then with half the quantity of coal which she would be entitled to receive, if dependent upon steam alone, and no coal shall be again supplied to any such ship of war or privateer in the same or any other port, harbor, roadstead, or waters of the United States, without special permission, until after the expiration of three months from the time when such coal may have been last supplied to her within the waters of the United States, unless such ship of war or privateer shall, since last thus supplied, have entered a port of the government to which she belongs.

Rights of neutrals at sea. Vol. 10, p. 1105.

And I further declare and proclaim that by the first article of the Convention as to rights of neutrals at sea, which was concluded between the United States of America and His Majesty the Emperor of all the Russias on the 22nd day of July A. D. 1854, the following principles were recognized as permanent and immutable, to-wit:

"1. That free ships make free goods, that is to say, that the effects or goods belonging to subjects or citizens of a Power or State at war are free from capture and confiscation when found on board of neutral vessels, with the exception of articles contraband of war.

"2. That the property of neutrals on board an enemy's vessel is not subject to confiscation, unless the same be contraband of war."

Strict neutrality to be maintained.

And I do further declare and proclaim that the statutes of the United States and the law of nations alike require that no person, within the territory and jurisdiction of the United States, shall take part, directly or indirectly, in the said war, but shall remain at peace with each of the said belligerents, and shall maintain a strict and impartial neutrality, and that whatever privileges shall be accorded to one belligerent within the ports of the United States, shall be, in like manner, accorded to the other.

And I do hereby enjoin all the good citizens of the United States, and all persons residing or being within the territory or jurisdiction of the United States, to observe the laws thereof, and to commit no act contrary to the provisions of the said statutes, or in violation of the law of nations in that behalf.

Military aid to belligerents prohibited.

And I do hereby warn all citizens of the United States, and all persons residing or being within their territory or jurisdiction that, while the free and full expression of sympathies in public and private is not restricted by the laws of the United States, military forces in aid of either belligerent cannot lawfully be originated or organized within their jurisdiction; and that while all persons may lawfully, and without restriction by reason of the aforesaid state of war, manufactur-

and sell within the United States arms and munitions of war, and other articles ordinarily known as "contraband of war", yet they cannot carry such articles upon the high seas for the use or service of either belligerent, nor can they transport soldiers and officers of either, or attempt to break any blockade which may be lawfully established and maintained during the war, without incurring the risk of hostile capture, and the penalties denounced by the law of nations in that behalf.

And I do hereby give notice that all citizens of the United States and others who may claim the protection of this government, who may misconduct themselves in the premises, will do so at their peril, and that they can in no wise obtain any protection from the government of the United States against the consequences of their misconduct. Notice.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

And Whereas, it appears that on the fourteenth day of August, 1902, the city of Santa Fe, New Mexico, entered into an agreement with the Board of Education of the said city of Santa Fe, whereby it was agreed on the part of said city that in case the President of the United States should grant, under the provisions of said Act of March 3, 1893, said reservation to the city of Santa Fe for public purposes, the said city would, by its municipal authorities, turn over and deliver to the said Board of Education and its successors, the said reservation to be held by said Board forever, to aid and assist in the support of the public schools of the city of Santa Fe; and that, by the same agreement, the said Board of Education, on its part, agreed and undertook that it would accept the said reservation, for the purposes so designated by the city of Santa Fe, and keep and use the same and the proceeds thereof, for the use, benefit and maintenance of the public schools and turn over said property or such parts of it as might be in its possession, to its successors. NOW, THEREFORE, I, THEODORE ROOSEVELT, President of the United States of America, by virtue of the power vested in me by law, do hereby declare and make known that all of the lands so as aforesaid ceded by the Sioux tribe of Indians of the Rosebud Reservation, saving and excepting sections sixteeen and thirty-six in each township, and all lands located or selected by the State of South Dakota as indemnity school or educational lands, and saving and excepting the W½ of the NE¼ and the E½ of the NW¼ of Sec. 25, T. 96 N., R. 72 W., of the 5th P. M., which is hereby reserved for use as a sub-issue station; and the NE¼ of the SW¼ of Sec. 23, T. 96 N., R. 72 W., of the 5th P. of the 5th P. M., and the NW¼ of the NW¼ of Sec. 20, T. 95 N., R. 70 W., of the 5th P. M., both of which tracts are hereby reserved for use of the American Missionary Society for mission purposes; and the N½ of the NW¼ of Sec. 7, T. 96 N., R. 71 W., of the 5th P. M., which is hereby reserved for the Roman Catholic Church for use for mission purposes, will, on the eighth day of August, 1904, at 9 o'clock a. m., in the manner herein prescribed and not otherwise, be opened to entry and settlement and to disposition under the general provisions of the homestead and townsite laws of the United States.

Places of registration.

Commencing at 9 o'clock a. m., Tuesday, July 5, 1904, and ending at 6 o'clock p. m., Saturday, July 23, 1904, a registration will be had at Chamberlain, Yankton, Bonesteel, and Fairfax, State of South Dakota, for the purpose of ascertaining what persons desire to enter, settle upon, and acquire title to any of said lands under the homestead law, and of ascertaining their qualifications so to do. To obtain registration each applicant will be required to show himself duly qualified, by written application to be made only on a blank form provided by the Commissioner of the General Land Office, to make homestead entry of these lands under existing laws and to give the registering officer such appropriate matters of description and identity as will protect the applicant and the government against any attempted impersonation. Registration can not be effected through the use of the mails or the employment of an agent, excepting that honorably discharged soldiers and sailors entitled to the benefits of section twenty-three hundred and four of the Revised Statutes of the United States, as amended by the act of Congress approved March 1, 1901, (31 Stat., 847) may present their applications for registration and due proofs of their qualifications through an agent of their own selection, having a duly executed power of attorney, but no person will be permitted to act as agent for more than one such soldier or sailor. No person will be permitted to register more than once or in any other than his true name. Each applicant who shows himself duly qualified will be registered and given a non-transferable certificate to that effect, which will entitle him to go upon and examine the lands to be opened hereunder; but the only purpose for which he can go upon and examine said lands is that of enabling him later on, as hereinin provided, to understandingly select the lands for which he will make entry. No one will be permitted to make settlement upon any of said lands in advance of the opening herein provided for, and during the first sixty days following said opening no one but registered applicants will be permitted to make homestead settlement upon any of said lands, and then only in pursuance of a homestead entry duly allowed by the local land officers, or of a soldier's declaratory statement duly accepted by such officers.

Restrictions.

Drawings.

The order in which, during the first sixty days following the opening, the registered applicants will be permitted to make homestead entry of the lands opened hereunder, will be determined by a drawing for the district publicly held at Chamberlain, South Dakota, commencing at 9 o'clock a. m., Thursday, July 28, 1904, and continuing for such period as may be necessary to complete the same. The drawing will be had under the supervision and immediate observance of a committee of three persons whose integrity is such as to make their control of the drawing a guaranty of its fairness. The members of this committee will be appointed by the Secretary of the Interior, who will prescribe suitable compensation for their services. Preparatory to this drawing the registration officers will, at the time of registering each applicant who shows himself duly qualified, make out a card, which must be signed by the applicant, and giving such a description of the applicant as will enable the local land officers to thereafter identify him. This card will be subsequently sealed in a separate envelope which will bear no other distinguishing label or mark than such as may be necessary to show that it is to go into the drawing. These envelopes will be carefully pre-

served and remained sealed until opened in the course of the drawing herein provided. When the registration is completed, all of these sealed envelopes will be brought together at the place of drawing and turned over to the committee in charge of the drawing, who, in such manner as in their judgment will be attended with entire fairness and equality of opportunity, shall proceed to draw out and open the separate envelopes and to give to each enclosed card a number in the order in which the envelope containing the same is drawn. The result of the drawing will be certified by the committee to the officers of the district and will determine the order in which the applicants may make homestead entry of said lands and settlement thereon.

Notice. Notice of the drawings, stating the name of each applicant and number assigned to him by the drawing, will be posted each day at the place of drawing, and each applicant will be notified of his number and of the day upon which he must make his entry, by a postal card mailed to him at the address given by him at the time of registration. The result of each day's drawing will also be given to the press to be published as a matter of news.

Applications. Applications for homestead entry of said lands during the first sixty days following the opening can be made only by registered applicants and in the order established by the drawing. The land officers for the district will receive applications for entries at Bonesteel, South Dakota, in their district, beginning August 8, 1904, and until and including September 10, 1904, and thereafter at Chamberlain. Commencing Monday, August 8, 1904, at 9 o'clock a. m., the applications of those drawing numbers 1 to 100, inclusive, must be presented and will be considered in their numerical order during the first day, and the applications of those drawing numbers 101 to 200, inclusive, must be presented and will be considered in their numerical order during the second day, and so on at that rate until all of said lands subject to entry under the homestead law, and desired thereunder have been entered. If any applicant fails to appear and present his application for entry when the number assigned to him by the drawing is reached, his right to enter will be passed until after the other applications assigned for that day have been disposed of, when he will be given another opportunity to make entry, failing in which he will be deemed to have abandoned his right to make entry under such drawing.

Certificates of registration. To obtain the allowance of a homestead entry, each applicant must personally present the certificate of registration theretofore issued to him, together with a regular homestead application and the necessary accompanying proofs, and make the first payment of one dollar per acre for the land embraced in his application, together with the regular land office fees, but an honorably discharged soldier or sailor may file his declaratory statement through his agent, who can represent but one soldier or sailor as in the matter of registration. The production of the certificate of registration will be dispensed with only upon satisfactory proof of its loss or destruction. If at the time of considering his regular application for entry it appear that an applicant is disqualified from making homestead entry of these lands his application will be rejected, notwithstanding his prior registration. If any applicant shall register more than once hereunder, or in any other than his true name, or shall transfer his registration certificate, he will thereby lose all the benefits of the registration and drawing herein provided for, and will be precluded from entering or settling upon any of said lands during the first sixty days following said opening.

Town sites. Any person or persons desiring to found, or to suggest establishing, a townsite upon any of said ceded lands, at any point, may, at any time before the opening herein provided for, file in the land office a written application to that effect, describing by legal subdivisions the lands intended to be affected, and stating fully and under oath the necessity or propriety of founding or establishing a town at that place. The local officers will forthwith transmit said petition to the Commis-

sioner of the General Land Office with their recommendation in the premises. Such Commissioner, if he believes the public interests will be subserved thereby, will, if the Secretary of the Interior approve thereof, issue an order withdrawing the lands described in such petition, or any portion thereof, from homestead entry and settlement and directing that the same be held for the time being for townsite settlement, entry, and disposition only. In such event, the lands so withheld from homestead entry and settlement will, at the time of said opening and not before, become subject to settlement, entry, and disposition under the general townsite laws of the United States. None of said ceded lands will be subject to settlement, entry, or disposition under such general townsite laws except in the manner herein prescribed until after the expiration of sixty days from the time of said opening.

Sale of undisposed lands under homestead and town-site laws.
Ante, pp. 257, 700.

All persons are especially admonished that under the said act of Congress approved April 23, 1904, it is provided that no person shall be permitted to settle upon, occupy, or enter any of said ceded lands except in the manner prescribed in this proclamation until after the expiration of sixty days from the time when the same are opened to settlement and entry. After the expiration of the said period of sixty days, but not before, and until the expiration of three months after the same shall have been opened for settlement and entry, as hereinbefore prescribed, any of said lands remaining undisposed of may be settled upon, occupied, and entered under the general provisions of the homestead and townsite laws of the United States in like manner as if the manner of effecting such settlement, occupancy, and entry had not been prescribed herein in obedience to law, subject, however,

to the payment of four dollars per acre for the land entered, in the manner and at the time required by the said act of Congress above mentioned. After the expiration of three months, and not before, and until the expiration of six months after the same shall have been opened for settlement and entry, as aforesaid, any of said lands remaining undisposed of may also be settled upon, occupied, and entered under the general provisions of the same laws and in the same manner, subject, however, to the payment of three dollars per acre for the land entered in the manner and at the times required by the same act of Congress. After the expiration of six months, and not before, after the same shall have been opened for settlement and entry, as aforesaid, any of said lands remaining undisposed of may also be settled upon, occupied, and entered under the general provisions of the same laws and in the same manner, subject, however, to the payment of two dollars and fifty cents per acre for the land entered, in the man-

ner and at the times required by the same act of Congress. And after the expiration of four years from the taking effect of this act, and not before, any of said lands remaining undisposed of shall be sold and disposed of for cash, under rules and regulations to be prescribed by the Secretary of the Interior, not more than six hundred and forty acres to any one purchaser.

Regulations.

The Secretary of the Interior shall prescribe all needful rules and regulations necessary to carry into full effect the opening herein provided for.

Palmer, which are hereby reserved for use for agency purposes; and saving and excepting Lots 4, 5, 6, and 7 of Sec. 10, the NW¼, the W½ of the SW¼ and Lots 5 and 6 of Sec. 15, Lots 1 and 2 of Sec. 9, the E½ of the NE¼, the SE¼ of the SE¼ and Lots 3, 4, and 5 of Sec. 16, T. 152 N., R. 65 W., of the fifth principal meridian, which are hereby reserved for public use as a park to be known as Sully's Hill Park, will, on the sixth day of September, 1904, at 9 o'clock A. M., in the manner herein prescribed, and not otherwise, be opened to entry and settlement and to disposition under the general provisions of the homestead and townsite laws of the United States.

Registration.

Commencing at 9 o'clock A. M., Monday, August 8th, 1904, and ending at 6 o'clock P. M., Saturday, August 20th, 1904, a registration will be had at Devils Lake and Grand Forks, State of North Dakota, for the purpose of ascertaining what persons desire to enter, settle upon, and acquire title to any of said lands under the homestead law, and of ascertaining their qualifications so to do. To obtain registration each applicant will be required to show himself duly qualified, by written application to be made only on a blank form provided by the Commissioner of the General Land Office, to make homestead entry of these lands under existing laws, and to give the registering officer such appropriate matters of description and identity as will protect the applicant and the Government against any attempted impersonation. Registration cannot be effected through the use of the mails or the employment of an agent, excepting that honorably discharged soldiers and sailors entitled to the benefits of section 2304 of the Revised Statutes of the United States, as amended by the act of Congress approved March 1, 1901 (31 Stat., 847), may present their applications for registration and due proofs of their qualifications through an agent of their own selection, having a duly executed power of attorney, but no person will be permitted to act as agent for more than one such soldier or sailor. No person will be permitted to register more than once or in any other than his true name.

R. S., sec. 2304, p. 422. Vol. 31, p. 847.

Applicants.

Each applicant who shows himself duly qualified will be registered and given a nontransferable certificate to that effect, which will entitle him to go upon and examine the lands to be opened hereunder; but the only purpose for which he can go upon and examine said lands is that of enabling him later on, as herein provided, to understandingly select the lands for which he will make entry. No one will be permitted to make settlement upon any of said lands in advance of the opening herein provided for, and during the first sixty days following said opening no one but registered applicants will be permitted to make homestead settlement upon any of said lands, and then only in pursuance of a homestead entry duly allowed by the local land officers, or of a soldier's declaratory statement duly accepted by such officers.

Drawings.

The order in which, during the first sixty days following the opening, the registered applicants will be permitted to make homestead entry of the lands opened hereunder, will be determined by a drawing for

the district publicly held at Devils Lake, North Dakota, commencing at 9 o'clock A. M., Wednesday, August 24th, 1904, and continuing for such period as may be necessary to complete the same. The drawing will be had under the supervision and immediate observance of a committee of three persons whose integrity is such as to make their control of the drawing a guaranty of its fairness. The members of this committee will be appointed by the Secretary of the Interior, who will prescribe suitable compensation for their services. Preparatory to this drawing the registration officers will, at the time of registering each applicant who shows himself duly qualified, make out a card, which must be signed by the applicant, and giving such a description of the applicant as will enable the local land officers to thereafter identify him. This card will be subsequently sealed in a separate envelope which will bear no other distinguishing label or mark than such as may be necessary to show that it is to go into the drawing. These envelopes will be carefully preserved and remain sealed until opened in the course of the drawing herein provided. When the registration is completed, all of these sealed envelopes will be brought together at the place of drawing and turned over to the committee in charge of the drawing, who, in such manner as in their judgment will be attended with entire fairness and equality of opportunity, shall proceed to draw out and open the separate envelopes and to give to each enclosed card a number in the order in which the envelope containing the same was drawn. The result of the drawing will be certified by the committee to the officers of the district and will determine the order in which the applicants may make homestead entry of said lands and settlement thereon.

Notice of drawings.

Notice of the drawings, stating the name of each applicant and number assigned to him by the drawing, will be posted each day at the place of drawing, and each applicant will be notified of his number, and of the day upon which he must make his entry, by a postal card mailed to him at the address given by him at the time of registration. The result of each day's drawing will also be given to the press to be published as a matter of news. Applications for homestead entry of said lands during the first sixty days following the opening can be made only by registered applicants and in the order established by the drawing. At the land office for the district at Devils Lake, North Dakota, commencing Tuesday, September 6, 1904, at 9 o'clock A. M.; the applications of those drawing numbers 1 to 50, inclusive, must be presented and will be considered in their numerical order during the first day, and the applications of those drawing numbers 51 to 100, inclusive, must be presented and will be considered in their numerical order during the second day, and so on at that rate until all of said lands subject to entry under the homestead law, and desired thereunder, have been entered. If any applicant fails to appear and present his application for entry when the number assigned to him by the drawing is reached, his right to enter will be passed until after the other applications assigned for that day have been disposed of, when he will be given another opportunity to make entry, failing in which he will be deemed to have abandoned his right to make entry under such drawing.

Certificates of registration.

To obtain the allowance of a homestead entry, each applicant must personally present the certificate of registration theretofore issued to him, together with a regular homestead application and the necessary accompanying proofs, and make the first payment of one dollar and fifty cents per acre for the land embraced in his application, together with the regular land office fees, but an honorably discharged soldier or sailor may file his declaratory statement through his agent, who can represent but one soldier or sailor as in the matter of registration. The production of the certificate of registration will be dispensed with only upon satisfactory proof of its loss or destruction. If at the time

of considering his regular application for entry it appear that an applicant is disqualified from making homestead entry of these lands, his application will be rejected, notwithstanding his prior registration. If any applicant shall register more than once hereunder, or in any other than his true name, or shall transfer his registration certificate, he will thereby lose all the benefits of the registration and drawing herein provided for, and will be precluded from entering or settling upon any of said lands during the first sixty days following said opening.

Town sites.

Any person, or persons desiring to found, or to suggest establishing, a townsite upon any of said ceded lands, at any point, may, at any time before the opening herein provided for, file in the land office a written application to that effect, describing by legal subdivisions the lands intended to be affected, and stating fully and under oath the necessity or propriety of founding or establishing a town at that place. The local officers will forthwith transmit said petition to the Commissioner of the General Land Office with their recommendation in the premises. Such Commissioner, if he believes the public interests will be subserved thereby, will, if the Secretary of the Interior approve thereof, issue an order withdrawing the lands described in such petition, or any portion thereof, from homestead entry and settlement and directing that the same be held for the time being for townsite settlement, entry, and disposition only. In such event the lands so withheld from homestead entry and settlement will, at the time of said opening, and not before, become subject to settlement, entry, and disposition under the general townsite laws of the United States. None of said ceded lands will be subject to settlement, entry, or disposition under such general townsite laws except in the manner herein prescribed until after the expiration of sixty days from the time of said opening.

Disposal of remaining lands.
Ante, pp. 322, 700.

All persons are especially admonished that under the said act of Congress approved April 27, 1904, it is provided that no person shall be permitted to settle upon, occupy, or enter any of said ceded lands except in the manner prescribed in this proclamation until after the expiration of sixty days from the time when the same are opened to settlement and entry. After the expiration of the said period of sixty days, but not before, any of said lands remaining undisposed of may be settled upon, occupied, and entered under the general provisions of the homestead and townsite laws of the United States in like manner as if the manner of effecting such settlement, occupancy, and entry had not been prescribed herein in obedience to law, subject, however, to the payment of four dollars and fifty cents per acre for the land entered, in the manner and at the times required by the said act of Congress above mentioned.

Regulations.

The Secretary of the Interior shall prescribe all needful rules and regulations necessary to carry into full effect the opening herein provided for.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

November 1, 1904. BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

It has pleased Almighty God to bring the American people in safety and honor through another year, and, in accordance with the long unbroken custom handed down to us by our forefathers, the time has come when a special day shall be set apart in which to thank Him who holds all nations in the hollow of His hand for the mercies thus vouchsafed to us. During the century and a quarter of our national life we as a people have been blessed beyond all others, and for this we owe humble and heartfelt thanks to the Author of all blessings. The year that has closed has been one of peace within our own borders as well as between us and all other nations. The harvests have been

abundant, and those who work, whether with hand or brain, are prospering greatly. Reward has waited upon honest effort. We have been enabled to do our duty to ourselves and to others. Never has there been a time when religious and charitable effort has been more evident. Much has been given to us and much will be expected from us. We speak of what has been done by this nation in no spirit of boastfulness or vainglory, but with full and reverent realization that our strength is as nothing unless we are helped from above. Hitherto we have been given the heart and the strength to do the tasks allotted to us as they severally arose. We are thankful for all that has been done for us in the past, and we pray that in the future we may be strengthened in the unending struggle to do our duty fearlessly and honestly, with charity and goodwill, with respect for ourselves and with love toward our fellow-men. In this great republic the effort to combine national strength with personal freedom is being tried on a scale more gigantic than ever before in the world's history. Our success will mean much not only for ourselves, but for the future of all mankind; and every man or woman in our land should feel the grave responsibility resting upon him or her, for in the last analysis this success must depend upon the high average of our individual citizenship, upon the way in which each of us does his duty by himself and his neighbor.

Thursday, November 24, 1904, set apart as a day of national thanksgiving.

Now, therefore, I, Theodore Roosevelt, President of the United States, do hereby appoint and set apart Thursday, the twenty-fourth of this November, to be observed as a day of festival and thanksgiving by all the people of the United States at home or abroad, and do recommend that on that day they cease from their ordinary occupations and gather in their several places of worship or in their homes, devoutly to give thanks unto Almighty God for the benefits he has conferred upon us as individuals and as a nation, and to beseech Him that in the future His Divine favor may be continued to us.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 1st day of November in the year of our Lord one thousand nine hundred and four and [SEAL.] of the independence of the United States the one hundred and twenty-ninth.
